Startup Hackathon 1.0 創業黑客松
Theme: Education Hack & Innovation

Organised by HKBU Entrepreneurship and Innovation Centre, and supported by HKBU TriAngle and Wofoo Leaders' Network, the very first Startup Hackathon was successfully concluded on 13 November 2021.

Startup Hackathon is a solution-based business competition that brings together teams with the common goal of quickly solving problems within a 6-hour preparation time. Six finalist teams presented 2 different topics focusing on EdTech. Two champions were born under this new mechanism.

Entrepreneurship Seminars

October 5, 2021 (Tue)

Entrepreneurship Seminar Series
 Mr. Jason CHEN (Founder & CEO, Wada Bento)

"I never told my parents that I had quit my job in a semiconductor company. The job was really stable. It was really difficult for me to explain my decision to my parents." Jason followed his heart and kickstarted his entrepreneurship adventure. It was a difficult decision to keep everything secret, but being an entrepreneur is always about making difficult decisions. You will be satisfied with what you did.

November 2, 2021 (Tue)

Entrepreneurship Seminar Series
 Mr. Alexander YING (Founder & CEO, DRESIO)

"You will face people who say no to you. You need to keep trying and talking to a thousand more people to validate your idea. One day you will find one who thinks your idea is great and gives you a leg out." Alexander's first startup project were hit during the pandemic. However, he stood up and innovated another startup idea with existing resources. He promised he would return to his first startup idea when the opportunity arises.

AI Technology and Career Opportunities
 Mr. Wallace CHOW (Fraud & Compliance Director, Regtics)
 Dr. Dennis LEE (Co-founder & CTO, Neufast)
 Mr. Timothy LEUNG (Executive Director, HKAI Lab)

The HKBU Entrepreneurship and Innovation Centre and the Department of Computer Science, HKAI Lab, co-organized a webinar on "AI Technology and Career Opportunities"

Today's AI is certainly powerful. However, AI technology could not replace human intelligence due to its limitations. In order to better prepare for career development, graduates should learn how to use AI with their domain knowledge gained from university and workplace.

Entrepreneurship Activities

October 23, 2021 (Sat)

HKBU Open Day

HKBU School of Business introduced the **Entrepreneurship and Business Innovation Concentration** to DSE candidates at the Open Day. They experienced the taste of being the entrepreneurs or the corporate managers through our role play games.

October 27, 2021 (Wed)

Huawei APP Workshop

Mr. Jack CHEUNG, the Developer Technical Support Engineer of Huawei, taught students the foundation of the Huawei Mobile Service (HMS) and the hottest concept of IoTs (Internet of Things). He inspired our students to design apps based on real world's needs.

November 9, 2021 (Tue)

A Night for Fail

This exciting 1-minute pitching event was switched from online in the past to offline in this academic year. Students got the chance to pitch in front of Dr. YM WONG, Director of EIC, and finally "face" their failure when receiving the criticizing comments.

Established in 2016, Entrepreneurship and Innovation Centre (EIC), as an integral part of the School of Business, is positioned to be a student-support centre to support the School's entrepreneurship education by organizing seminars, competitions and other related activities.

EIC is stepping into the sixth year of the establishment. Apart from supporting the entrepreneurship education to our students, we aim at establishing closer link with the startup community.
