Issue No. 33

Here's to new beginning

Happy  
Easter  
Day

## UPCOMING EVENT

May 26, 2022 (Thu)

**Dean's Cup Business Innovation Gymnasium (BIG)** is coming soon! It is a business idea competition which provides a platform for students to show their potential and creativity. It is the seventh time for the School of Business to organize this innovative competition for our students.

The theme of the competition is to develop business ideas that help solve real world problems.

Five finalist teams will enter the Final Round Competition of BIG 7.0. The competition will be held at the TriAngle on May 26.

## PAST SEMINARS

February 15, 2022 (Tue)

**Ms. Agnes WUN**  
Co-founder & CEO of Neufast

Back in Tsinghua University, Agnes was deeply influenced by the entrepreneurship culture at the campus. Agnes met her startup partner Dennis, and she decided to pursue her entrepreneurship journey right after their graduation.

She is the Co-founder & CEO of Neufast, an award-winning HR Tech company, which provides video-based SaaS solution for identifying quality hires.

As a Hong Kong-based startup founder, She is confident to the future of Hong Kong.

March 1, 2022 (Tue)

**Mr. Alex LAU**  
Founder of Tecky Academy

Alex would rather call himself an educator than a businessman. He always searches for the creative and up-to-date teaching approaches for students over the past few years.

He founded Tecky Academy and successfully trained more than 300 students and helped them to build up their tech career. He is very passionate in teaching and programming, and he enjoys designing different new learning experience for learners too.

March 22, 2022 (Tue)

**AI Technology and Career Opportunities**  
**Mr. Timothy LEUNG, Executive Director of HKAI Lab**  
**Mr. Sidhant GUPTA, Founder of Clearbot**  
**Mr. Allen LAU, Co-founder of iPYGG FinTech Group**

The HKBU Entrepreneurship and Innovation Centre and the Department of Computer Science, HKAI Lab, co-organized a webinar on "AI Technology and Career Opportunities".

Students learned many untold job seeking tips in the industry from the speakers. Apart from discovering the AI-driven career opportunities, the speakers also shared their fruitful experience as a AI startup founder.

This is the second time we co-organized a webinar for HKBU students to get to know more about the hottest AI startups in Hong Kong.

## SUMMER INTERNSHIP

**BUSI 3037 Entrepreneurial Internship**  
From June to August

The School of Business has maintained a good relationship with local hottest startups to provide internship opportunities to our students.

In 2021/22, the School continues to offer this credit-bearing Entrepreneurial Internship Programme for our business students in summer. Over 60 applications received this year. Supporting Startups include GOGOx, DayDayCook, KLOOK, etc.

What could be better than a summer vacation? Getting a summer internship at hottest startups in Hong Kong!

## SUPPORTING EVENT
